

MUNYON'S COLD CURE

Promptly Effective in Curing the Most
Obstinate Forms of Colds and Coughs
and a Sure Preventive of Pneumonia
and All Lung Diseases.

Colds lead to coughs, coughs to Pneumonia and Consumption; therefore, it is all important to check a cold before it reaches the lungs. Munyon's Cold Cure will positively break a cold inside of twenty-four hours if taken as soon as the cold manifests itself. When the cold reaches the lungs or bronchial tubes the Cough Cure should be used alternately every half hour with the Cold Cure. The Cold Cure is guaranteed to prevent pneumonia if used in the beginning of a cold. Pneumonia, or inflammation of the lungs, can be controlled by the use of these two cures.

The Cough Cure positively cures bronchitis, tickling in the throat, hoarseness, loss of voice, soreness of the chest, difficulty in breathing, hacking cough and all pulmonary diseases where the lungs are not too far consumed or covered with tubercles.

A separate specific for each disease. Sold by all druggists, mostly for 25 cents a bottle. Personal letters to Prof. Munyon, 1505 Arch street, Philadelphia, Pa., answered with free medical advice for any disease.

AMONG THE WHEELMEN.

"Mr. Wheeler, of Wheeling," May Open in this City Soon.

The new cycling play, "Mr. Wheeler, of Wheeling," which is to be put on the road in August by "Tom" Prior, may open here in Wheeling, a very appropriate place, by the way. A number of wheelmen are endeavoring to bring the new play to Wheeling in August, for its initial presentation, probably at the Wheeling Park Casino. The play is said to be a very fine piece of dramatic work. It will be presented in the larger cities the coming season, under the auspices of prominent cycling clubs.

Governor McKinley should capture the cycling vote. A representative of the makers of the Tribune bicycle, who was in Wheeling yesterday, says he was in Canton last week and has the Ohio man "on the string" for a Tribune wheel. The governor's private secretary, Mr. Boyle, is an enthusiast cyclist.

A large representation of the wheelmen of Martin's Ferry met at Hayward Long's last evening and effected a temporary organization by selecting Dr. J. G. Parr, president, and Thomas L. Williams, secretary. The committee on organization is composed of Messrs. Parr, Long and Harry Grayson. A club with a membership of at least fifty will be formed.

A MINE DISASTER.

Sixty-seven Men Caught by a Cave-in of an Old mine.

EL PASO, Texas, April 27.—Details of the disaster at the Santa Eulalia mine, near Chihuahua, Mexico, show that eighty-five men were working in the mine when the cave-in occurred. Sixty-seven of the men, all Mexicans, were buried by the crash. Thirty-seven men have been recovered, ten dead, seven dying and twenty seriously hurt and not expected to recover. There are thirty men still in the ruins, and no hope is entertained of recovering them alive. The Santa Eulalia mines have been worked almost continuously for 350 years. Twenty-two mines grouped close together, and for many years worked in common, had been worked out in great chambers, connected together by drifts and different levels to a depth of hundreds of feet, so that several acres in area had been honey-combed. Large pillars of ore being left here and there to support the mountain mass above. Recently contractors were let to Mexican miners and laborers to take over the old workings. These contractors began tearing the pillars which supported the roof of the mine. They also cut away masses of ore which had been left between the chambers.

IS STILL IN IT.

SPRINGFIELD, Ills., April 27.—Senator Shelby M. Cullom is in the fight for the presidential nomination to stay. He said so himself to-day. "I have written no letter of withdrawal and shall write none," he said. "I am in the struggle to win or lose and desire that my friends of this state and others clearly understand my position."

Senator Cullom arrived this afternoon and was at once besieged by scores of people who were anxious to know if he had written or intended to write a letter withdrawing from the race.

Dignitaries Invited.

NASHVILLE, Tenn., April 27.—Governor Turney to-day, in behalf of the state of Tennessee, issued invitations to President Cleveland, the cabinet officers, the Vice President, speaker of the house, the supreme court and diplomatic corps to the inauguration ceremonies upon the opening of the Tennessee Centennial Exposition in June.

ROUNDVILLE.

A Miscellaneous Melange of Minor Matters from Marshall's Metropolis.

About fifty of the I. O. O. F. fraternity attended services at the M. E. church Sunday morning in celebration of the seventy-seventh anniversary of the order. The sermon preached by Rev. Mr. Clark was spoken of in the highest terms.

Several drunks were disposed of by Mayor Williams yesterday morning.

Mrs. Jacob Heatherington is very sick at her home in the First ward.

O. P. Mason drove the ladies' bicycles raffled off by Bob Hesse.

Healthy Old Age

is the result of careful living. Keeping the blood pure and the body free from even minor ailments adds years of enjoyment to one's life.

The trouble with most of us nowadays is that we live too rapidly. We are in such a hurry to go some place, or do some thing, that the care of our bodily health is wholly neglected. Nature never pardons neglect. Her laws must be respected, or punishment ensues.

A man may abuse his stomach for a time, but as the while dyspepsia comes and liver complaints and kidney troubles.

These things develop all the latent weakness in his body. They make digestion imperfect, they prevent proper assimilation, proper secretion of the digestive fluids and the proper secretion of refuse matter. Probably the last is most important of all, for poisonous matter in bowels, liver and kidneys soon gets into the blood and so is carried all over the body. There is no telling where such things will stop.

In the beginning, a little common sense and a simple, natural remedy in all that is needed. Even before the trouble has progressed to serious stages, a simple, scientific remedy working strongly with Nature—soothing, stimulating, invigorating, the organs of digestion, will have a wonderful effect on the whole body. There is really nothing wonderful about it. The blood is all made in the digestive organs. If they are healthy and strong, the blood is the same and it makes every part of the body strong.

Dr. Pierce's Golden Medical Discovery puts the digestive organs into perfect condition. It makes them capable of performing all their proper functions. It cleanses the blood, solid healthy flesh. A book telling all about it (1000 pages) will be sent free on receipt of 21 cents in stamps to cover postage and wrapping only. World's Dispensary Medical Association, Buffalo, N.Y.

J. W. PIERCE, Republic, Ia., says: "I have used One Minute Cough Cure in my family and for myself, with results so entirely satisfactory that I can hardly mention it. Even before the trouble has progressed to serious stages, a simple, scientific remedy working strongly with Nature—soothing, stimulating, invigorating, the organs of digestion, will have a wonderful effect on the whole body. There is really nothing wonderful about it. The blood is all made in the digestive organs. If they are healthy and strong, the blood is the same and it makes every part of the body strong."
